

TRUST

Read two passages from *The Healer*, pages 19 and 193.

Let's Get Acquainted

Tell us a story about a time when you showed trust in someone.

What happened? How were you involved? How did it turn out?

Let's Talk About It

- Which profession do you trust the most and why? Physician, nurse, clergy, professor, attorney, airline pilot, or used car salesperson?
- Among your family, friends, and acquaintances, whom do you trust the most? Why?
- What damages and destroys trust?
- What nurtures and preserves trust?

Prayer

God in whom we place our trust for life, and breath, and strength, teach us to trust you always, in good times and bad, in prosperity and difficulty, in health and in illness, in comfort and in pain, in company and in loneliness. Teach us to be your trustworthy servants to those whose lives we touch.
